Notes from Rhonda Lynn Hughes 3/1998 -- Ennis Hughes worked for the government delivering supplies to the Indians while he lived in TN.

Notes for MARY OLIVE JANE TUMLINSON:

[Jean Holder Francois Family.FTW]

Buried in Henrietta Cemetery, Henrietta, Texas (Clay County).

From Aunt Ida Ladd: `

"Aunt Ida Stockton told me that they called Grandma Mary Ann Tumlinson `Mammie`. She wrote and told me she didn't know what year they came to Texas. Then, in next sentence she wrote 'Mammie said they came to Texas when Ma (Grandma Molly Tumlinson Hughes) was two years old.' She was two years old in 1866. Then in the census it shows that Joe Tumlinson was born in Texas in 1867.

Grandpa A. J. Tumlinson was a saddler. He made saddles and harnesses. He had \$4000 in real estate, and \$5000 in personal property.

Information was from Grandma Hugh's bible, letters from Aunt Ida Stockton, and 1870 census in McLennan County, Texas, Roll 1598, Page 52."

[ennis071800.FTW]

6/29/99 Lowell Russell (lives at Aiken-91 yrs old) recalls the kind of man JWC Hughes was. Lowell operated a school bus. Parents paid so much each month for their children to ride the bus. One family in the community had a son of school age, but could not afford to pay the bus fee. Lowell told the parents to he would let the boy ride without charge. JWC heard about this and tried to pay Lowell the boy's fee. Lowell would not let him, but only after a long argument. -cph

Notes for ALVA ELMER HOLDER:

[Jean Holder Francois Family.FTW]

Alva grew up in Bowie, Texas. He and his family lived on a farm. Life was not easy, as he was expected to help out from an early age, and being the oldest, he carried a heavy workload. His father expected much from Alva. He joined the Army in 1932 and served as a Private in Battery "E", First Field Artillery at Ft. Sill, Oklahoma. According to a Christmas Menu from 1935, Alva was listed as "Private Alva E. Holder, Bugler No. 1". While in the service, Alva was part of an acrobatic troupe that put on performances for the other serviceman. During a practice session, Alva fell and injured his back. As a result, he was medically discharged.

Alva came to New Orleans in 1932 or 1933 and met Gloria Heinis through mutual friends. They wrote to each other while Alva was in the Army. When he was discharged he came back to New Orleans. They eloped to St. Bernard Parish and were married.

Alva was a very loving father, spending a lot of time with his children. He enjoyed fishing

Notes for GLORIA GERTRUDE HEINIS:

[Jean Holder Francois Family.FTW]

On December 25, 1989, Gloria experienced a TIA (Trans Ischemia Attack), which are also known as mini-strokes. She was under the care of Dr. Juan Lastra, Heart Specialist, and Dr. Maria Palmer, Neurologist. During the time since the first TIA, Gloria had apparently had several more mini-strokes which prompted Dr. Palmer to order an MRI. In September 1993, a second MRI was done, which showed that additional "major" damage has been done to both sides of Gloria's brain. The areas that have been affected are the personality and the short-term memory sections. On October 14, 1993, Gloria was moved into daughter Jean's house due to this major damage. Her pets were divided among her family as follows: her daughter, Betty Ann, took Inky and Baby, her grandson, Clifford Francois IV, took Candy, her granddaughter, Michelle Neyrey, took Brandy, and Boo was allowed to stay with Gloria at Jean's house.

Gloria was not at all happy about being moved out of her home. She was extremely difficult to deal with and refused to accept that she could not live alone any longer. She was very stubborn and would not listen when the situation was explained to her. During the time she lived with Jean, she refused to make any effort to co-operate, or even try to make the situation pleasant for herself or anyone else. She refused to eat, learn how to use any of the appliances, or even the television. She did nothing but sit on the sofa in the den, read the newspaper, and sleep.

In June of 1994, it was decided to return Gloria to her house; she moved back into her own home on August 22, 1994. She took Boo home with her. Boo died in 1996. Betty Ann's daughter, Vicky, moved into the house with Gloria, in order to take care of her. Vicky was only 20 years old and had some difficulty with dealing with her grandmother. Betty Ann's oldest daughter, Joanne and her fiance Aily Ledet, replaced Vicky around December 1994. Joanne and Aily stayed with Gloria until July 1996, when they moved into their home in DeLisle, Mississippi.

At that time Vicky and her fiance, Terrence Curry, and their daughter, Tamry, moved back in with Gloria. Luckily, she had a much better understanding now of how to assist and deal with her grandmother's idiosyncrasies. During 1997, Walter Curry, Tamry's grandfather, moved in with Vicky, Tamry and Gloria. He was ill when he moved in (he had broken his leg) and his health has improved greatly. This has proven to be beneficial to all persons living in the house, as he and Gloria have been company for each other and have been able to take care of Tamry while Vicky is at work.

Sometime during 1996, Betty Ann and Jean changed Gloria's physician to Dr. Robert Pinner. Dr. Lastra had all of a sudden said he thought Gloria should have an angiogram done. Numerous inconsistencies from his created doubt about his care. This is why she was switched to Dr. Pinner. Gloria seems to get along much better with Dr. Pinner and talks much more freely with him.

Notes for EUGENE PAUL HOLDER:

Uncle Robert, I was reading what Linda sent me last night on the part that has Gene's family. I remember now what it was he told me. He said that Renate already had Michael when he met her. Donald was his but they could not marry till the government went through all the red tape. He told me he named him after his two favorite nephews, Donald Bess and Steven Erickson.

They were finally able to marry when Donald was 13 days old. He then adopted both boys by Swiss adoption. Claudia and Patrick were born after they were married and both their names are Holder. Patrick is the reason Renate and the children could not come to the states when Gene did. They would not let her travel at that stage of her pregnancy. She stayed in a convent till Patrick was born and they would let her travel. The children had forgotten all their English by that time because nothing but German was spoken in the convent. This is word for word what they told me. Cathy

[Jean Holder Francois Family.FTW]

Aunt Ida had a severe stroke around May 20, 1993. Uncle Mel said that tests showed she's probably had 2, maybe 3, strokes prior to this one. She is in a nursing home, Four Seasons Nursing Home, Skyline Drive, Ft. Worth, Texas, 1-817-626-5750, because the stroke left her completely paralyzed on her right side. Sometimes she is lucid, sometimes not. She has a great deal of difficulty talking. She cannot form her words because of the paralysis. Also, she has a feeding tube into her stomach because of the paralysis in her throat. They are afraid she will choke and/or aspirate on her food if she tries to eat by mouth. All of these particulars cause her to become very agitated when she tries to talk to someone.

She had another severe stroke in May, 1994, which paralyzed her left side, leaving her totally handicapped and in severe pain. Her daughter, Sandra, stated that she knew no-one and was kept sedated with strong pain medicine.

Received a phone call early September 13 from Sandy letting me know that Aunt Ida died the morning before, at 3:30 a.m. on September 12, 1994.[my holder hughes ftm.FTW]

Notes for JAMES EUGENE SAMFORD:

[ennis071800.FTW]

Gene Samford was a friend of mine. When I didn't believe that I could play the piano in church, he led me to do it anyhow. Gene was the greatest song leader I have ever known. The singing at Providence Missionary Baptist Church was always good, but if we got started before Gene came in, you could immediately notice an improvement in the quality and volume. Gene was called on to lead singing at many revivals. He would take me with him to places like Old Home MBC, Neuville MBC, Harmony MBC, Mt Herman, White Rock and others-Charles Paul Hughes.

Notes for JEAN CATHERINE HOLDER:

[Jean Holder Francois Family.FTW]

I was born at home (#11 Dakin Street, Jefferson, Louisiana) at 2:00 o'clock in the afternoon. Daddy was on a fishing trip at the time of my birth and was quite surprised when he got home to find me there. I was the third child born to Alva Elmer Holder and Gloria Gertrude Heinis and was named after my maternal grandmother, Laura Catherine Deibel Heinis.

The house we lived in was a raised long four-room shotgun house. Mama and Daddy slept in the "front" room which doubled as their bedroom and the living room. Grandma lived with us and she and Betty Ann slept in a double bed, I slept in a single cot and Roger slept in the baby bed, all in the next room. The third room served as a work/play room and the last room was the kitchen. Until 1948 or 1949, our bathroom was outdoors - an "Out House". It was a good distance from the house and we used a potty inside the house at night. There was a round

black wood stove in the kitchen. We took our bath in a big tub that was placed in front of the stove until Daddy built a shower out in the shed. I don't remember what year that was, but I really enjoyed taking a shower out there. I would use the washcloth to block the drain and sit down in the 3 to 4 inches of water that would accumulate. Sometimes I would fall asleep under the shower, and Daddy would come out when I had been there longer than he thought I should and would turn the hot water off. Boy! did I wake up fast! and get finished bathing. We also had a great big cistern at the back of the house, next to the steps from the kitchen. When the landlord was forced by the parish to put indoor plumbing into the house, the bathroom was put in the room next to the kitchen. They didn't even put up walls around it; Daddy had to put up pipes on which he hung shower curtains to close the area off. By then my bed was moved into that room also and we had a little TV that Mama's brother, Uncle Bubbe, fixed and gave to Grandma. Every one would sit on my bed to watch TV. I used to get very angry and upset, especially when I wanted to go to sleep.

It sounds like a very austere life, but my memories from Dakin Street are very good ones. We had a huge yard to play in, two cows for milk, pigs, chickens and ducks, dogs and cats, and a see-saw/merry-go-round that Daddy made for us. There was a big china berry tree in the front yard that I loved to climb (it was my getaway place when Grandma chased me for misbehaving or for hanging on her clothesline!)

I have nothing but good memories of my Daddy. I was always in my Daddy's lap and even when I had grown to being a teenager, Daddy would introduce us as "my daughter Betty Ann, my son Roger, and my baby girl Jeanie". I remember when I was about 9 or 10 years old and Roger got an electric train for Christmas. Daddy sat on the floor and played with us with the train. I also remember Daddy using my teddy bear (which I still have) as a pillow when he would get down on the floor with us.

As far back as I can remember, Betty Ann and I always went with Daddy and Mama when they went fishing. Daddy told me that the first fish I caught was a Sheepshead, and I caught it on a hand-line he fixed for me because he was afraid I wouldn't be able to manage a fishing rod and reel. I don't remember how old I was though. We had a boat that Daddy put a motor from an old Chevrolet car in. The boat was called the Submarine because it was so long and narrow.

Mama and Daddy took me to the Audubon Park Pool for swimming lessons (Times-Picayune sponsored the free lessons) when I was about seven years old and I then became a member of the Audubon Swim Club. My swim coach was Mrs. Roy Brenner, who formed her own swim club, the Royette's, around 1951-52. I swam in speed competition, specializing in the breaststroke, butterfly and backstroke. I even set new speed records in the breaststroke and butterfly (which have long since been reset with faster times) when I was about 15 years old. I also performed in synchronized swimming, which then was called Water Ballet. My coach, Ms. Roy, was my mentor, providing many swimsuits, costumes, and traveling expenses for competitions and performances. I discontinued the swimming competition and water ballet performances by the time I graduated from high school.

During first grade at St. Agnes Parochial School, Mama and Daddy allowed me to take piano lessons. However, when school opened in September for Second Grade, there was no piano teacher. Instead, Mr. Joey Buck was at the school to teach accordion lessons. My sister, Betty Ann, was taking lessons, and since piano lessons were no longer available, I asked to play accordion too. However, I very quickly discovered that I preferred the piano, but Mama and Daddy had already purchased an accordion for me (it cost \$110.00, which was a substantial amount of money then) and had to tell me I could not switch back to the piano. So, I took accordion lessons for about six or seven years.

I went to St. Agnes Parochial School through the sixth grade, then to Jefferson Junior High for seventh through ninth grades, and finished at East Jefferson High School. During the summer of 1956 we moved into a brand new home in Kenner, at 1701 Roosevelt Blvd., where Mama still lives. The first three or four years were lots of fun. We were about seven blocks from Airline Highway, and our house was surrounded by woods - lots of woods. The closest house on Roosevelt Blvd. was about three or four blocks away. We made a path through the woods to go to "Grandma" Meyer's house which was 3-1/2 blocks away, and we would swing on what we later learned were BIG poison ivy vines. Thank goodness Betty Ann and I turned out to be immune to poison ivy!

The streets were either beaten down grass or gravel and Glynn Sudbery (who was my best friend during my three years at East Jefferson) would come over, and he, Betty Ann and I would sit in the grass and play cards, usually

Canasta, or we would play baseball in the street. And sometimes we would go to Glynn's house and play ping-pong. Glynn and I dated each other when neither of us had a date with someone else. Glenn had taken ballroom dancing lessons, and we would go to the Blue Room and have such a good time dancing. Neither of us had use of a car - for that matter, neither of us had a driver's license - so we rode the bus from Kenner to New Orleans. We got off the bus at Carrollton and Tulane, and from there we would walk to the French Quarter and visit as many antique shops as we could before we would walk back to the bus stop to return home. If we went somewhere at night, we double dated with friends who had driver's licenses. Or, sometimes Daddy would drive us to where we were going and then come back to pick us up.

In 1958, at a party at a friend's (Gene Marty) house, I met Clifford (Cliff) Joseph Francois III, but I really don't remember much about him from that party. A couple of weeks later Gene, who really had a crush on my sister, Betty Ann, asked me to set up a blind date for my sister and Cliff. I would be Gene's date as he wouldn't ask her out for fear of being told no. So, Gene and I, and Cliff and Betty Ann went to a dance together. I danced the first dance with Gene and the rest with Cliff. We went to Morning Call for coffee and donuts afterwards, and Cliff and I spent the rest of the evening looking at each other in the mirrors. A few days later he called and asked me to go out with him the following weekend. Our first date was on August 28.

I don't really remember when I became interested in genealogy, but I told Daddy's sister, Aunt Ida Holder Ladd about how interesting I thought it was to learn about my ancestors, and she surprised me in 1980 by sending me a copy of much of what she had been working on since 1940 regarding the genealogy of the Holder Family. What she sent me is the basis of whatever information I have. Since then I have become more and more interested in learning about my ancestors. Through my search for family, I have had contact with Dovie Eileen Smith. Eileen and I are great-great-grandchildren of William P. Holder. Eileen's great-grandfather, Newman Sherill, and my great-grandfather, William Clayton, are brothers. I have also made contact with Catherine Hadsall Dunlop, who is married to Richard Wayne Dunlap, who is descended from Samuel Dunlop, Jr. Richard and I are fourth cousins, once removed. Samuel Dunlop, Jr. is my fourth great-grandfather, and is Richard's third great-grandfather.

Notes for ROGER JOHN HOLDER:

[Jean Holder Francois Family.FTW]

Roger was in a major auto accident in 1969 and his hip was severely injured. He has six steel pins holding one hip together.

Roger has been married four times. First to Katherine France in 1968; they divorced in 1970.

He married Denise Austin on March 23, 1971; they divorced in 1973 or 1974.

Roger married Cindy in March, 1975. Cherie was born August 3, 1975. Roger and Cindy separated sometime around 1977 or 1978. As was his usual behavior, he refused to pay child support, against advice from both his sisters. In the meantime Cindy filed for a divorce. It became final in 1979 and Cindy remarried, to a person named Michael Plaisance, who filed for the right to adopt Cherie. The outcome of that lawsuit was that the lawyer Roger hired did nothing to help Roger. Roger lost and Cherie was adopted by Michael Plaisance in September 1981. To further emphasize the adoption, the judge gave Roger orders to stay away from Cherie or he would be put in jail.

Notes for DARLENE MARIE FRANCOIS:  
[Jean Holder Francois Family.FTW]

Darlene was born on a Sunday at 4:12p.m. at Baptist Hospital, New Orleans, Louisiana. She was 18-1/2 inches long and weighed 6 lbs. 12 oz. Her parents lived at 1717 Peniston Street, New Orleans, Louisiana at the time of her birth.

In July 1965, when she was four months, her Dad went to work for Honeywell Computer Corporation and they moved to Massachusetts. They lived in Framingham in an upstairs apartment that used to be an old house. In January 1965, Darlene and her Mom came back to New Orleans for two months. They stayed with Darlene's godparents, Bobby & Betty Ann Pagragan (Bobby is Darlene's Dad's cousin, and Betty Ann is Darlene's Mom's sister). When they went back to Massachusetts, they lived in Wellesley Hills in a house that was over 250 years old and was held together with wooden pegs (where nails would normally be used). An elderly couple, Mr. and Mrs. Mosely, owned the house and rented the upstairs to them as an apartment. By the time Darlene and her parents headed back to New Orleans in September 1965, the Mosely's had become Darlene's surrogate Maw-Maw and Paw-Paw. They had two Presidential documents in their attic, one signed by Abraham Lincoln and one signed by Andrew Johnson, and lots and lots of antiques. Unfortunately Darlene was too young to have any recollection about this.

After staying at her grandparents' houses for one week each, Darlene and her parents moved into a house in Slidell. They were there for less than one year and then moved to 635 Julius Avenue, Jefferson, Louisiana. Her brother, Clifford, was born while they lived on Julius Avenue. Then on September 8, 1967, they bought their house at 1025 Lillian Street, Metairie, Louisiana and moved in on September 9.

Darlene went to St. Christopher Martyr Catholic School for grades one through eight. Unfortunately it was not a happy time for the full eight years. During fourth grade, physical education classes were added to the school day. Darlene was not athletically inclined; the teacher graded very subjectively; and was verbally critical (in front of the other students) of Darlene's inability to excel in sports which caused Darlene's classmates to also criticize her (which the teacher did nothing to stop or correct). Darlene turned to her books in order to defend herself and built a vocabulary that left the other students with puzzled dumb looks on their faces whenever they criticized her. She would figuratively tell them they were asses, and they didn't understand anything she was saying. Darlene was an A+ Honor Student for the entire eight years at St. Christopher, however the school placed more importance on sports than academics. Students who excelled in sports were rewarded with medals and trophies whereas the students who

excelled in academics received paper certificates only.

Darlene next went to Haynes Junior High School on Metairie Road for the next three years. She had been evaluated during the summer after eighth grade, and was placed in the Honor's classes and also in the Gifted and Talented Program as her IQ was placed at 138. The teachers, as well as the students in the GT Program, at Haynes were a wonderful change for Darlene. She was finally with students who were her peers and her academic achievements were acknowledged. She was challenged by her teachers and excelled maintaining a 4.2gpa. She painted a beautiful oil painting as part of her participation in the GT Program.

When Darlene moved on to Riverdale High School, she continued in Honors and GT. Her weakest subject was math, but she was still maintaining high enough grades to be inducted into Mu Alpha Theta, an Honors Math Organization, and she served as an officer for two years. She was also inducted into the National Honor Society. Darlene also volunteered as a Student Tutor, tutoring other students in several subjects. The GT teacher was Pat Druhan, who took the GT students to Colorado one winter to participate in an educational program for a week. Darlene also spent a week at Grand Isle in part of another GT education program.

Around the time Darlene reached 15, she began to choose some friends whom her parents found questionable. This was the beginning of some very trying times for Darlene and her parents. Darlene and her Dad always seemed to be at odds with each other. Her Dad's attitude was that he was her father and she would do as he told her! Darlene felt she was mature enough to make some of, most off her own decisions. Pat Druhan played an important part in Darlene's life, being a sounding board for Darlene to vent her feelings and frustrations with her Dad. Luckily (at least as far as her mother was concerned) one day her Mom went to the school bus stop to tell Darlene something before she went to school, and discovered that Darlene and one? some? of her friends? had been drinking wine! at 7 in the morning, no less! Darlene talked to Pat about the incident at the bus stop, and then came home and talked with her Mom about it. It was mutually decided to seek professional counseling, not only for Darlene individually, but for Darlene and her parents together. The counseling sessions were helpful for everyone, with her parents learning that even though Darlene was extremely intelligent, she was deep in the depths of psi - Poor Self Image. They further learned that this is a predominant difficulty that affects intelligent people. They know they are smart and therefore put unrealistic expectations on themselves by trying to be perfect, and of course no one is perfect so they can never truly reach their goals thereby causing psi. Only Darlene knows how the counseling affected her, but from a parent's perspective, it did help.

The most important part of all this is that Darlene and her Mom were able to maintain their close relationship. Oh, there were some very rough and rocky days, but they both knew in their hearts and soul that each loved the other - very much.

Darlene's first job was during 10th grade for the Police Union.

In August, 1997, Darlene, David and Rance moved to Bush, Louisiana. This seems to have been a good move in some ways. Rance is doing well in school (he made all A's the first quarter), and in October, David started a new permanent full-time job working for a Mr. Butch Ward, supervising the maintenance of numerous apartment complexes and buildings. The law suit appeal regarding Darlene's back injury was heard by the Appeals Court Judges early in November and a decision should be rendered by December 3. Philip Ciaccio, Darlene's lawyer, feels very confident that there will be no change in the judgment made by the original jury. If the defending insurance company chooses to appeal to the Supreme Court, as we suspect they will, a final decision should be rendered within the next 30 to 60 days.

12/30/97: Well, just like this whole case has gone so far, the appeal court judges have not given a decision yet. Hopefully, they will make one today.

Notes for MACO RANCE TANNEHILL, SR.:

[Jean Holder Francois Family.FTW]

Maco is the epitome of the con artist, insofar as he will use anyone if he will benefit from the relationship. Maco is not a stupid person, but he is lazy and has therefore accomplished nothing other than to father at least two children.

Maco has fathered another child since Rance. Very shortly after he walked out on Darlene and Rance March 30, 1991, he moved in with a girl named Darla Smith. On May 16, 1992 she gave birth to a daughter whom she named Amber May Smith. Amber was born at Lakeside Hospital in Metairie, Louisiana, at 11:18a.m., was 20 inches long, and weighed 7 lb. 3 oz.

He does not support either of his children, either emotionally or financially. He enjoys seeing them for short periods of time, whenever the whim hits him. Maco says he has a job, but just never seems to have any money to send for the support of Rance. He always has some excuse.

Maco's only redeeming quality is that he does support Darlene in the discipline of Rance. Rance is very attached to Maco, but that does not seem to impress Maco enough to start supporting his more, financially or emotionally.

Rance was born on February 8, 1990

Divorce final on February 25, 1992, Jefferson Parish, La.

Child of DARLENE FRANCOIS and MACO TANNEHILL is:

- i. MACO RANCE<sup>9</sup> TANNEHILL, JR.<sup>3237</sup>, b. February 8, 1990, Lakeside Hospital, Metairie, Louisiana<sup>3238,3239</sup>.

Notes for MACO RANCE TANNEHILL, JR.:  
[Jean Holder Francois Family.FTW]

Maco Rance Tannehill, Jr. is called by his middle name. His nickname is "Rooney", sometimes "Roonia-Toonia", "Rooney-Tune", "Rance-A-Rooney", etc. when his Mom and Me-Maw kid him.

He calls his maternal grandmother "Me-Maw", and his maternal grandfather "Paw-Paw". He calls his maternal great-grandmothers "Grandma Holder" and "Grandma Francois". His maternal great-grandfather, Clifford Joseph Francois, Jr., died June 13, 1990 when Rance was just four months old. When any of the family refers to him, he is called "Grandpa Francois". Rance's other maternal great-grandfather, Alva Elmer Holder, died December 18, 1971.

He calls his paternal grandmother "Maw-Maw Barbara" and his paternal great-grandmother "Maw-Maw Ava". His paternal grandfather, Raymond Russell Tannehill, died May 4, 1992. When he was alive, Rance called him "Paw-Paw Tannehill".

Rance has a half-sister named Amber Mae White. She lives in Chicago, Illinois with her mother, Darla White. Amber was born on May 16, 1992 at Lakeside Hospital in Metairie, Louisiana, at 11:18a.m., was 20 inches long, and weighed 7 lb. 3 oz. She and Rance look very much alike.

Rance attended the Metairie Kid's World day-care center. He enjoyed being there with the other children with whom he had become friends. On August 18, 1994, Rance started Pre-Kindergarten at Visitation of Our Lady School in Marrero. He did not give Darlene any problems on the first day of school. He went into his classroom, kissed Darlene goodbye and Darlene left for work.

Rance is a very out-going child, and has a passion for cars, trucks, motorcycles, etc., in other words, any vehicle that has wheels or floats. Rance also has a dog whose name is Rascal. Rascal is a honey blond German shepherd, who is very gentle with Rance. No matter how rough Rance gets with him, Rascal does not bite. Instead he will put his mouth around Rance's arm as if to tell him to ease up.

One day Rance, Me-Maw and Grandma Holder went to the Aquarium of the Americas, and then on the Canal Street Ferry. They all had a very good time. Rance fell asleep on the way home.

Rance, Darlene and David Files moved to 821 Jackson in July 1996. Rance attended Rudolph Matas Public School for first grade, August 1996-May 1997. His behavior started out fine but deteriorated continuously through the school year. In April 1997, an incident occurred that caused a turning point for Rance, behavior-wise. His teacher, Ms. Toso, slapped him, yelled at him, and then dragged him out of the classroom! Although she never admitted doing so, at least two other children told Darlene and the principal that it did happen. After Darlene had several conferences with the teacher and the school principal, she decided not to pursue it because of the impact it could have on Rance. Something good did come of the incident though, because it was determined that Rance has "ADS", Attention Deficit Syndrome. The school psychologist recommended that he begin taking Ritalin (5mg) to help him control his outbursts and fidgetiness. The medication made an immediate and significant difference in Rance's behavior. He received only smiley faces (A's) for the remainder of the school year for conduct. His grades improved significantly also and he finished the year on the Honor Roll. He also

received a Certificate for the Most Improved Student in his class.

Rance has had numerous adjustments to make during his short life so far. He, Darlene and David have lived at four different addresses within a 2-year period of time, his paternal grandfather died, his Godfather died, he has been in two different schools in two years, his father seldom sees him, and Darlene has had severe medical problems with her back and therefore has difficulty dealing with Rance's exuberance. Darlene has had to quit her job because of her back, David has had difficulty in finding permanent continuous employment and therefore the financial situation has not been good.

On February 22, 1997, Darlene and David were married. This also initially caused a great deal of anxiety in Rance. Although he was excited about them getting married, he thought he would never see his father again. Rance is very insecure and has very poor self-esteem (just like his mother did when she was young). However, Darlene has allowed Maco to see Rance as often as he asks.

November 1997:

Things are looking up. Darlene, David and Rance moved to Bush, Louisiana in August, 1997. Rance is doing very well in school (Fifth Ward Jr. High School, 81419 Hwy 21, Bush, LA 70431); he brought home all A's on his first nine weeks report card. His teacher, Ms. Sue Bennett, commented that he is a joy to have in class. He draws pictures for her on the backs of his school papers when he has completed his work.

April 1998:

Rance has consistently earned A's and B's for the second and third nine weeks grading periods. He is much happier in Bush and at the school he is now attending. He no longer gives Darlene static about getting up in the morning for school. In fact, he has done an about face - he gets himself up and ready, and is eager to go to school.

Michelle acquired another dog, Brandy, in October 1993, when her grandmother, Gloria Heinis Holder was moved out of her house. Brandy has adapted quite well to Michelle and August. She has also appointed herself as Haley's guardian, keeping Sammi and Sadie away from her. Whenever Haley cries or makes any noise, Brandy comes running to see what's going on.

Michelle's cat, Boo, was hit by a car and died in 1993. Michelle then got another cat whose name is Sammie. She also bought a horse, whose name is J.J. Indy was returned to Michelle's cousin, Joanne Pagraman Ledet, who moved Indy to her property in Mississippi. Indy died unexpectedly in 1995.

Michelle sold J.J. in 1997. After being unable to ride him during her pregnancy, he became difficult to deal with and he was approximately 20 years old. He became contrary whenever Michelle tried to put a saddle on to ride him.

Michelle had a 3-month maternity leave of absence and returned to work on September 2, 1997. While Michelle is at work, Dobie Meyers, the father of a friend (Missy) Michelle went through High School with, is taking care of Haley along with his own grandchild.

Notes for HALEY ELIZABETH NEYREY:  
[Jean Holder Francois Family.FTW]

April 1998:

Haley is a very happy baby. She has been sleeping through the night since she was about two months old. Haley was breast fed for more than six months. Michelle stopped nursing her after Haley bit her on the breast, not once, not twice, but three times! Ha! Ha! she got three tries and struck out. She is now on formula and primarily drinks from a sipper cup. She will occasionally take the bottle.

Haley also does not particularly like "baby food". She prefers the same food that Michelle prepares for herself and August. Haley especially likes baked chicken, mashed potatoes and spinach. She also likes tomatoes. And she is very stubborn about feeding herself - she rarely will let someone else put the food in her mouth. She has very good dexterity in picking up small pieces of food to feed herself.

Haley went to her first Mardi Gras this year, and celebrated her first Easter. She likes chocolate (of course!). All the family celebrated Easter at Michelle and August's house, and Haley was like a little wind up toy - she scooted all over the floor all day long - there was no stopping her! She also ate her share of baked turkey. She also really likes sweet potato and cranberry sauce, two foods her Daddy doesn't like.

Haley is especially fun to watch when she gets on the floor by Sammi, the cat. Sammi will come lay down on the floor right in front of her and allow Haley to pull her hair an unbelievable amount of time. Sammi has made no effort to either bite or scratch Haley. When she has had enough, she gets up and runs away! But then a little while later, she comes back to Haley for more!

Notes for CLIFFORD JOSEPH FRANCOIS IV:  
[Jean Holder Francois Family.FTW]

Clifford's parents were living at 1025 Lillian Street, Metairie, Louisiana when he was born. When he was about 3 years old, he and his Mom were playing around in the house when he fell and hit the dining room table and knocked out his two front teeth.

Clifford attended St. Christopher Martyr Catholic Grammar School from Kindergarten (1972) through Eight Grade

(1981). He was a good student, on the Honor Roll, and he received a trophy as an award for Outstanding Conduct in Kindergarten. His teacher was Mrs. Shirley Barbara.

Clifford had a pet dog named "Tinky" who slept on the bed with him. Tinky was hit by a car and killed late one night. When Clifford went to school the next day he told Mrs. Barbara about it and she asked the class to pray for Clifford's pet who had died. Clifford started crying and the only way Mrs. Barbara could console him was to promise that his parents would get him another dog! That's when he got his dog, Princess, a mixed-breed black lab. Clifford joined the Cub Scouts in Third Grade, on October 22, 1975. He was in Pack 117 and the Cub Master was his Uncle Bob Pagragan. Clifford was again on the Honor Roll.

In Fourth Grade Clifford started taking music lessons through the Archdiocesan Band Program. His instructor was Michael Genevay (who plays trombone with the Pete Fountain band). Clifford wanted to play the trombone because when he learned that his Daddy had played trombone and had his old instrument in the attic, that's the only instrument Clifford wanted to play. He did very well with the music and was in the Honor Band in the Fifth Grade. He was still maintaining a 3.5gpa also.

In the Sixth Grade, Clifford won Second Place in the School Science Fair for his project about "Photosynthesis in Green Plants" in the Biological Science division. However, Clifford's grades made a drop that year with several teachers commenting that he was beginning to play around too much in the classroom. He had the ability, but was not putting forth the effort. Clifford did well with his music, however, and participated in the LMEA solo competition. Clifford received numerous medals and commendations for his talent and ability, the School Honor Band was the only school to get three perfect ratings in the Archdiocesan-wide Ensemble Festival, and Clifford received very high ratings in several competitions. He was selected to play in the Archdiocesan Honor Band. By the end of the school year his grades and behavior had improved dramatically.

Seventh Grade was a trying time for Clifford. Although he was still doing exceptionally well with his music, he was beginning to have some difficulties with some of his academics. The Math teacher he had, Mrs. Talley, was a totally inept and biased person, who constantly found fault with Clifford, contrary to what all other teachers had to say about him. Apparently there was a severe personality clash with which she was not mature enough to deal. Several parent/teacher conferences were held to try to deal with the problem. Mrs. Talley changed her comments about Clifford, contradicting herself on numerous occasions, to suit to her favor whatever the discussion was about at the time. Clifford's mother ultimately wrote a letter to the school principal, Mrs. Ruth Meche, with a carbon copy to the Archdiocese School Board, outlining what appeared to be the problem and requesting that Mrs. Talley not be the Math teacher for the coming Eighth Grade year. Unfortunately, the Principal and the School Board chose to keep Mrs. Talley as the Math teacher. Clifford maintained an overall B average for the year despite the difficulties he had with her (he had a 3.4gpa for all subjects for the year).

There were lots of things going on in Eighth Grade. Although Clifford's teachers all commented that Clifford talked too much in the classroom, he somehow managed to maintain a 3.0gpa. Clifford's dog, Princess, died on November 21, 1981. The family got another puppy on November 27 who was named Fluffy (she born on Oct. 14). Clifford joined the CYO (Catholic Youth Organization) and was active in the club. Clifford was confirmed this year on March 26; he got a part-time job working on Sundays with Joe Bordelon, who lived around the corner from Clifford's house, helping load Joe's truck; the School Band participated in the LMEA and Archdiocese Band Festival and received Superior ratings at both competitions, and Clifford did one of the readings at Mass for his graduation. Although he and his parents had applied to Archbishop Rummel High School and he was accepted, the decision was made for him to attend Haynes Jr. High Public School. Before he completed his schooling at St. Christopher, Clifford got another job working for a caterer. He earned \$5/hour, an outstanding salary for a 14-year old in 1981-82. During his high school years, he held part-time jobs, sometimes working for a neighbor, Don Guillemet, doing electrical work. He had a summer job working at a gas station, and then worked for another electrician for awhile. He tried working for Wendy's during one school year, but they were extremely demanding time-wise, wanting him to work well past midnight on some school nights. That one didn't last very long. He worked one summer for a small ice-cream vending company, loading the ice-cream trucks for their daily trips around the city. It was funny to watch him carrying his heavy coat, hat and gloves in 88-90 degree weather. But no matter where he worked or who he worked for, all of his bosses/supervisors said the same thing: Clifford's a good worker and doesn't goof off on the job.

Ninth Grade was a very trying year for both Clifford and his parents. He received several detentions for misbehavior, (one for smoking on the school grounds) which sure didn't make his parents very happy, and was suspended for foul language and fighting (he had a run-in with a black student). He was constantly at odds with his music teacher, Ms. Karen Rubion. She remarked on his report cards that his behavior was "getting out of hand" and that he "talks entirely too much". Clifford retorted that Ms. Rubion "doesn't know how to handle the class or how to keep discipline in the class". There were numerous parent/teacher conferences this year. Clifford's parents attended "Tough Love" meetings to try to learn how to help Clifford with whatever difficulties he was having, and to learn how to deal effectively with these difficulties. Clifford was also diagnosed as having "Osgood-Schlatter's Disease" which occurs when too much stress is placed on the knee joints while the bones are still developing. He was taken out of Physical Education classes mid-year and the only subject available was Art. This proved to be good as Clifford showed a great deal of talent in this area. As a result, he was not required to take Physical Education for the remainder of his High School years. He took Art classes and did exceptionally well in them. In July of 1981, Clifford had been evaluated at the University of New Orleans for the possibility of being placed in the Gifted and Talented Program at Haynes. It was hoped that this would help him with his self-esteem and self-discipline. Although he tested within the "High Average" range of general intelligence, and was achieving at the 9th to 11th grade level (depending on which subject he was tested), his erratic scores did not qualify him for participation in the G/T Program. And in school, he consistently made lower grades than what all the SRA and other tests showed him capable of earning. However, despite all of Clifford's difficulties during this change-over year, he received the "Outstanding Band Student" award at the end of the school year. Somehow the whole family made it through this year; Clifford passed and moved on to Riverdale High School.

Riverdale was a turning point for Clifford, and his music was the key. The Band Directors, Charlie Hernandez (who was transferred within the first weeks of school), Joseph Haydel (Sophomore and Junior Years) and Roy Valente (Senior Year), took a much closer interest in their students than did the average teacher. They concentrated not only on teaching them music, they taught and demanded courtesy, kindness and respect for each other and their elders. Clifford's behavior and attitude improved greatly at Riverdale. He maintained a 2.73gpa for the 3-year period, with all A's in music. He received the "MVP" (Most Valuable Player) trophy given by the Band Department in his Sophomore, Junior and Senior years. During his Sophomore year, the band planned a trip to Florida, for which the students had to raise the money by having fund-raising events, and Clifford (with his parents' help) raised the full amount needed and was able to go on the trip. Mr. Haydel recommended a Jazz Camp at Southeastern University in Hammond during the summers between his Sophomore/Junior and Junior/Senior years. This week-long camp had a very positive effect on Clifford and he attended both summer camps. During his Junior year, Clifford was also selected to participate in the American Legion's Louisiana Boys' State program - a week-long governmental experience in Baton Rouge, the state capitol. He was also elected as Drum Major for his upcoming Senior year and attended a week-long Drum Major Camp at Southwestern University. Phew! what a busy summer that was! The Band participated in a lot of LMEA competitions and consistently received outstanding scores. We all also marched in a lot of parades during these three years - one of which was in 28 degree weather! The band also went on a trip to Houston to participate in another competition and to go to the Water World as entertainment. We also went to the Space Museum, the Zoo and Museum of Natural History. Every one had a great time.

In March 1985, Clifford joined the Air Force Reserve. Clifford moved from his parents home in November of 1989. Windy Castagnetta and her son, John, moved in with Clifford in 1991. On May 20, 1995, Clifford and Windy purchased a house in Hammond, Louisiana. They moved into their house the first week of June. Clifford and Windy were married at The Jefferson-Orleans North on Friday, June 20, 1997.
